Introduction

We are again indebted to Miss Mildred Schuppert, librarian emeritus of Western Theological Seminary, for compiling this index of volumes 29-38 (1976-1985) of *The Reformed Review*. This is the third index which she has done for us. The first appeared in 1965 and covered volumes 9-18 (1955-1965); the second appeared ten years later and included volumes 19-28 (1966-1975). With the completion of this work she has indexed thirty years of the review and once more has done its readers and the seminary a great service. Miss Schuppert has become an expert in the art of indexing so that the denomination as well as the seminary has benefitted from her careful work. We here express to her publicly our deep gratitude for her work.

The first issue of *The Reformed Review* was published in the autumn of 1955. Prior to that time it had been called *The Western Seminary Bulletin*. With the change of name eight volumes of the *Bulletin* had already appeared so the numbering of the *Review* began with volume 9.

The Reformed Review is indexed in *The Index to Religious Periodical Literature*, published by The American Theological Library Association, and in the *Internationale Zeitschriftenschau für Bibelwissenschaft und Grenzgebiete Tübingen*, Germany). It is abstracted by *Religions and Theological Abstracts* (Myerstown, Pennsylvania).

In the index of themes the numbers stand for the volume and issue. In the index of articles, authors, and reviews the numbers stand for the volume, issue, and page, in that order.
